Software Engineer | Full Stack Web Developer

CAREER OBJECTIVE

Motivated Software Engineer with a strong foundation in web development and a passion for continuous learning. Skilled in foundational web technologies like JavaScript, HTML, and CSS, and eager to expand knowledge in Full Stack development. Known for curiosity and enthusiasm in exploring new technologies and solving challenges. Seeking an entry-level Full Stack Web Developer role to apply my skills, grow professionally, and contribute to impactful projects in a collaborative environment.

Soft Skills

Time Management & Organization.	Critical Thinking. Project Management.	Problem-Solving Ability. Effective Communication.
Commitment to Professional Growth.	Communication & Collaboration. Time Management.	Team Collaboration. Self-Learning.

Technical Knowledge

Front-End: Dart, Java, C++, JavaScript, HTML/CSS, HTML5, CSS3, Bootstrap, React JS.

Back- End: PHP, Laravel

Database: MySQL

Operating Systems: Windows

Web Development Frameworks: Laravel

Software Development Practices (SDLC): Agile, Scrum.

Other Tools: Git (Version Control Systems), Trello, Figma, VS, GitHub.

Work Experience

Orange Coding Academy, Amman

Sep 2024 -present

Intern, IT Department -Full-Stack Developer

Work Experiences:

- **Web Development & Design:** Gained hands-on experience with HTML, CSS, JavaScript, Bootstrap, and responsive design, creating dynamic, user-friendly websites.
- **Backend & Database:** Built foundational knowledge in PHP, MySQL, and SQL queries, integrating databases with web applications for dynamic functionality.
- **Version Control & Collaboration:** Learned Git for version control and efficient code management in collaborative projects.
- **Frameworks & Application Development:** Currently learning Laravel to build scalable, maintainable applications through real-world projects.
- **Soft Skills & Communication:** Completed soft skills training focused on teamwork, problem-solving, and effective communication. Attended English classes to enhance language proficiency and public speaking, with group and solo presentations.
- **Project-Based Learning:** Developed multiple projects throughout the program, applying new skills to create practical web applications.
